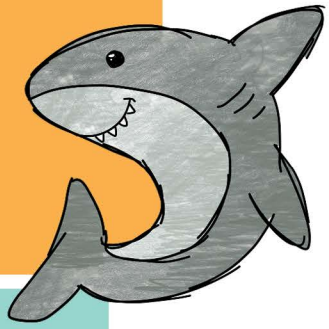
Looking for a show to entertain and educate your little ones?
Well, you found it! Rookie Robot Explores the World is full of fun stories about a curious and friendly little bot named Rookie and his adventures as he explores the world and meets new friends. But Rookie Robot is more than just a fun cartoon – it also teaches important values like patience, perseverance and respect for all individuals as well as for our planet.
With each episode, Rookie learns a little more about the world around him and inspires young viewers to do the same.



Created by kids for kids.
What makes Rookie Robot stand out is that all characters are based on original children's line drawings, making it very relatable and easy for young viewers to connect. With its lovable characters and charming stories it is bound to become not only a preschoolers but family favourite!
